Index

SUBJECTS

Acid hydrolases and PUVA therapy, 785
Acne lesions inflammatory infiltrate (Summary), 428
Acne patients, humoral immunity to *Pityrosporum* (Poster summary), 457
Acne scars treated with bovine collagen, 199
Acne vulgaris, topical clindamycin and oral tetracycline compared, 387
Actinic keratoses treated with topical tretinoin and 5-fluoruracil, 549
Actinic prurigo and topical indomethacin (Summary), 425
Actinic reticuloid cell strain, UV sensitivity, 761
Acyclovir orally for recurrent herpes simplex and erythema multiforme, 109
β-Adrenoceptor agonists (Summary), 435
Adrenomedullary function in atopic dermatitis, 793
AIDS and molluscum contagiosum, 131
AIDS and necrotizing folliculitis, 581
All-trans retinoic acid (ATRA), arotinoid ethyl ester (Ro13–6298) and fibronectin synthesis (Summary), 422
Amine oxidase activity in granuloma annulare, necrobiosis lipoidica and diabetes, 643
Anaphylaxis, exercise-induced (Summary), 593
Angioendotheliomatosis and angiotropic large cell lymphoma, 393
Angiosarcoma (Case report), 598
Angiotropic large cell lymphoma and angioendotheliomatosis, 393
Angry back syndrome and Trafuril, 361
Anogenital warts, cell biology, 311
Anthralin inflammation in psoriasis, 517
[^{14}C]arachidonic acid in psoriasis, 153
Anthralin inflammation reduced, 171
Arthropathy with human parvovirus infection (Correspondence), 883
Astemizole and indomethacin effect on weal and flare reactions (Summary), 435
Atopic cataracts and essential fatty acids, 179
Atopic dermatitis, adrenomedullary function, 793
Atopic dermatitis and IgE (Summary), 432
Atopic dermatitis and RAST (Summary), 592
Atopic dermatitis, humoral and cellular immunity, 651
Atopic eczema and house dust mite allergy, 857
Atopic skin, effect of washing, 525
Azelaic acid in lentigo maligna (I) (Correspondence), 605
Azelaic acid in lentigo maligna (II) (Correspondence), 606

Balanitis, micaceous, keratotic, pseudoepitheliomatous with fibrosarcoma of penis, 719
B-cell lymphoma, razoxane and psoriasis, 243
BE_2 antibody (Correspondence), 140
BE_2 antibody (Correspondence reply), 140
Behçet's disease and Sweet's syndrome, 727
Biliary cirrhosis pruritus treated by phototherapy and cholestyramine, 265
Birbeck granules and Langerhans cells (Summary), 433
Blacks and whites, who are they? (Correspondence), 880
Blacks and whites, who are they? (Correspondence reply), 880
Bockenheimer's syndrome, 602
Book reviews:
A Colour Atlas of AIDS. Acquired Immunodeficiency Syndrome. C.F.FARTHING, S.E.BROWN, R.C.D.STAUGHTON, J.J.CREAM and M.MUHLEMANN, 745
Biology of the Integument: 2 Vertebrates. Edited by J.BEREITER-HAHN, A.C.MATOLTSY and K. SYLVIA RICHARDS, 746
Contact Dermatitis. A.A.FISHER, 242
Epidemiology of Malignant Melanoma. Edited by R.P.GALLAGHER, 142
Evaluation of Ultraviolet Radiation Hazards in Hospitals. B.L.DIFFEY and F.C.LANGLEY, 745
Leprosy for Medical Practitioners and Paramedical Workers. R.H.THANGARAJ and S.J.YAWALKAR, 142
Patch Testing: Test Concentrations and Vehicles for 2800 Allergens. A.C. DE GROOT, 142.
Percutaneous Absorption: Mechanisms—Methodology—Drug Delivery. Edited by R.L.BRONAUGH and H.I.MAIBACH, 746
Progress in Medical Virology 33. Edited by J.L.MELBICK, 746
Pseudocarcinoma of the Skin. B.A.BERENBEIN: translated from the Russian by V.E.TATARCHENKO, 141
Textbook of Psoriasis. Edited by PAUL D.MIER and PETER C.M. VAN DE KERKHOF, 141
The Integument, Scanning Electron Microscopy in Skin Biology. Edited by O.JOHARI, 745
Bovine collagen in acne scars, 199
Bowenoid papulosis in an epidermal inclusion cyst, 237
Bullous disease of childhood, linear IgA disease and cicatricial pemphigoid, 293

Candida albicans killing activity of epidermal cells enhanced by UVR, 469
Career prospects in dermatology (Correspondence), 284
Career prospects in dermatology (Correspondence reply), 286
Cell proliferation kinetics measured, 673
Chemotactic responses in inflammation (Poster summary), 451
Chlamydia infections detected (Summary), 591
Chloride and sodium changes in irritated epidermis, 477

Chloroquine and S-adenosyl-L-methionine for porphyria cutanea tarda, 407
Cholinergic urticaria and danazol, 553
Chronic ulcer model and sucrose (Summary), 440
Cicatricial pemphigoid, linear IgA disease and bullous pemphigoid, IgA antibody binding site, 293
Clindamycin phosphate and tetracycline compared in acne, 387
Clotrimazole and clotrimazole/hydrocortisone compared in epidermatophytosis (Poster summary), 455
Collagen lattice contraction by fibroblasts (Poster summary), 454
Contact allergens and Langerhans cells, 773
Contact allergy to Hirudoid cream, 223
Cutaneous and ocular side-effects of PUVA, 145
Cutaneous microbiology of the human foot (Poster summary), 455
Cyclosporin A and T-lymphocytes in psoriasis, 503
Cyclosporin A for generalized pustular psoriasis, 269
Cyclosporin A in systemic sclerosis (Correspondence), 741
Cyclosporin, T cells and dendritic cells in psoriasis (Poster summary), 452
Cylindromas (Case report), 599

Danazol and cholinergic urticaria, 553
Danazol and cholinergic urticaria (Summary), 434
Darier's disease, histogenesis (Poster summary), 441
Dephosphorylation of epidermal keratin (Summary), 423
Dermal and epidermal cells co-culture (Summary), 422
Dermal fibroblast aromatase activity (Poster summary), 453
Dermatology, career prospects (Correspondence), 284
Dermatophytes antibiotic production (Poster summary), 455
Dermographism, symptomatic, passively transferred from human to monkey, 801
Diabetes, granuloma annulare and necrobiosis lipoidica serum amine oxidases, 643
Dithranol cream and ointment compared (Correspondence), 279
Dithranol topically and indomethacin orally in psoriasis (Correspondence), 739
Drug eruption, fixed, and topical provocation, 561
Drug eruption, fixed, immunohistochemistry, 351
Drug eruption from trimethoprim, 241
Dysplastic epidermal change in immunosuppression (Summary), 418

Eczema and psoriasis, selenium concentrations (Summary), 436
Elemental changes in irritant stimulated epidermis, 477
Endothelial cell labelling of PLP fixed vascular tumours (Summary), 438
Epicutaneous tests, preservatives, 289
Epidermal and dermal cells co-culture (Summary), 422
Epidermal and fibroblast growth factor and hair growth (Correspondence), 464
Epidermal barrier lipids from suction blister roofs (Poster summary), 449
Epidermal cultures in auto- and allografts, 161
Epidermal desmosomes isolated (Summary), 423
Epidermal neoplasia and etretinate (Summary), 420
Epidermotropic mycosis fungoides, mycosis fungoides and pagetoid reticulosis, 67
Erythema induced by UV-A, UV-B and UV-C (Summary), 425
Erythema multiforme, herpes simplex and acyclovir, 109
Erythema, ultraviolet, onset, 183
Erythropoietic protoporphyria, psychosocial aspects, 703
Essential fatty acids and atopic cataracts, 179
Etretin and epidermal interleukin 1, 615
Etretinate and muscle damage, 623
Etretinate and scabies (Correspondence), 000
Etretinate in children and skeletal toxicity, 609
Etretinate in epidermal neoplasia (Summary), 420
Etretinate induced prurigo-like eruptions, 271
Etretinate, long-term therapy and skeletal changes, 207

Febrile neutrophilic dermatosis in Behçet's disease, 727
Fibroblast culture, phorbol ester and urokinase-inhibitor (Summary) 419
Fibronectin from fibroblasts in pre-cancerous scars, 79
Fixed drug eruption, immunohistochemistry, 351
Flegel's disease (hyperkeratosis lenticularis perstans), 681
5-fluoruracil and tretinoin topically for actinic keratoses 549

Gamma-glutamyltranspeptidase activity in foetal and adult skin (Summary), 420
Glycosaminoglycan synthesis in various animal hair follicles (Poster summary), 448
Gold compounds, anti-oxidant effects, 39
Granuloma annulare, necrobiosis lipoidica and diabetes, serum amine oxidase increased, 645
GVHD-like syndrome with carcinomatosis, 249

Haemangioma (strawberry) in low birth-weight infants, 635
Hair, elemental X-ray microanalysis (Summary), 421
Hair woolly, diffuse partial and familial, 401
Hairbulb tyrosinase activity, effect of age and colour, 485
Harlequin foetus in four siblings, 569
Herpes simplex, recurrent, erythema multiforme and acyclovir, 109
12-HETE in epidermal cells *in vitro* (Summary), 437
Hirudoid cream contact allergy, 223
Histamine-induced weals, Temelastine and Terfenadine (Summary), 434
Histiocytosis X, S100 and peanut agglutinin compared (Summary), 418
HLA-DR antigen in psoriatic keratinocytes, 87
House dust mite allergy and atopic eczema, 857
Human epidermal cells express Leu-11b antigen (Correspondence), 283
Human epidermal cultures in auto- and allografts, 161
Hyaluronate, high levels in blister fluid in active psoriasis, 335
Hydroxychloroquine in polymorphic light eruption, 379
Hyperkeratosis lenticularis perstans (Flegel's disease), 681

Ichthyosis, autosomal dominant and desmosome density (Poster summary), 441

Immune responses to mycetoma, Western blotting and immunogold labelling (Poster summary), 456
Incontinentia pigmenti, anhidrotic and achromians lesions, 839
Indomethacin on weal and flare reactions (Summary), 435
Indomethacin orally and topical dithranol in psoriasis (Correspondence), 739
Indomethacin topically on UV-B and UV-A erythema and actinic prurigo (Summary), 425
Insect bite immunology (Summary), 428
Isotretinoin for acne in a renal transplant patient (Correspondence), 463

Jessner's disease and lupus erythematosus, NK cells and lymphocyte subsets, 831

Keratinocytes and membrane-coating granule expression (Poster summary), 451
Keratins in ichthyosiform erythroderma and recessive ichthyosis (Poster summary), 441
Ketoconazole in seborrhoeic dermatitis I. Local application scalp, 213
Ketoconazole in seborrhoeic dermatitis II, 217
Killer cell activity in scleroderma, 1

Langerhans cell, keratinocyte damage and erythema with UV in guinea pigs (Summary), 424
Langerhans cells after X-irradiation, 55
Langerhans cells and Birbeck granules (Summary), 433
Langerhans cells and contact allergens, 773
Langerhans cells and PPD (Summary), 432
Langerhans cells in melanocytic naevi, 511
Langerhans cells, topical steroids and ATPase staining (Poster summary), 446
'Lanolin' and 'Parabens' in pharmaceutical and cosmetic products (Correspondence), 278
Lentigo maligna and azelaic acid (Correspondence), 605
Lentigo maligna and azelaic acid (Correspondence reply), 606
Lentigo maligna melanoma, progression, 303
Leu 8-positive cells in cutaneous lymphoma (Summary), 417
Leukotriene B_4 and effect on leukocytes in psoriatic skin, 521
Lichen planus and lupus erythematosus, immunofluorescence and histopathology in diagnosis, 189
Lichen planus, T cell immunity (Poster summary), 445
Lichen sclerosus et atrophicus with ocular and maxillary complications, 735
Linear IgA bullous dermatosis antigen is unique (Poster summary), 443
Linear IgA dermatosis involving bronchus, 587
Linear IgA disease, bullous disease of childhood and cicatricial pemphigoid, IgA antibodies binding, 293
Lipogenesis in human sebaceous glands (Poster summary), 448
Lipoma, pleomorphic of the dermis, 713
Liver ultrasound and liver biopsy compared in methotrexate treated psoriasis, 491
Lupus erythematosus and Jessner's disease, NK cells and lymphocyte subsets, 831
Lupus erythematosus and lichen planus, immunofluorescence and histopathology in diagnosis, 189
Lupus erythematosus, anticardiolipin and antinuclear antibodies (Poster summary), 445
Lymph flow in skin measured (Summary), 437
Lymphoma and Leu 8-positive cells (Summary), 417
Lymphoma of the skin, diffuse large-cellular follicle, follow up (Summary), 591
Lymphomatoid papulosis and T cell receptor gene analysis (Summary), 417
Lymphomatoid papulosis, local 'healing' factor? (Correspondence), 743

Mantoux reactions, cytology (Summary), 429
Mast cell heterogeneity in human skin (Summary), 429
Mast cells in polycythaemia vera, 21
MaxEPA to reduce retinoid hyperlipidaemia (Poster summary), 450
Melanocytic naevi and Langerhans cells, 511
Melanogenesis suppressed by retinoic acid (Poster summary), 444
Methotrexate treated psoriasis, liver ultrasound and biopsy compared, 491
Methotrexate-induced epidermal necrosis, 867
8-methoxypsoralen dissolution rates, 813
Minoxidil and scalp blood flow in alopecia (Poster summary), 447
Molluscum contagiosum and AIDS, 131
Molluscum contagiosum in an immunocompromised host, 871
Multicentric reticulohistiocytosis, 243
Musk ambrette (Correspondence), 278
Musk ambrette photosensitivity (Summary), 426
Mycosis fungoides (Case report), 600
Mycosis fungoides, epidermotropic mycosis fungoides and pagetoid reticulosis, 67
Mycosis fungoides, study of 85 cases, 47

Naevocellular naevi and S-100 protein expression, 371
Nail atrophy in children, ? lichen planus, 709
Nail-patella-elbow syndrome (Case report), 595
Necrobiosis lipoidica, granuloma annulare and diabetes serum amine oxidase activity, 645
Necrosis, epidermal, methotrexate induced, 867
Necrotizing folliculitis in AIDS, 581
News and Notices, 144, 287, 467
Nickel sensitive patients and HLA antigens (Correspondence), 607
Nickel sensitive patients and HLA antigens (Correspondence reply), 608
Nicotinamide in diabetes (Correspondence), 277
Nicotinamide in diabetes (Correspondence reply), 277
Nicotinate skin reactions, 341
NK cell density in malignant skin tumours, 823
NK cells and lymphocyte subsets in Jessner's disease and lupus erythematosus, 831

Obituaries:
Hellier, Professor F.F., 877
Ishihara, Masaru, 275
Verhagen, A.R.H.B., 748

Ocular and cutaneous side-effects of PUVA, 145
Ocular pemphigoid immunofluorescence (Summary), 431
Oxygen on cutaneous propionibacteria (Summary), 440

P. acnes antibodies and exocellular enzymes, 805
Pagetoid reticulosis, epidermotropic mycosis fungoides and mycosis fungoides, 67
Palmoplantar keratoderma, deafness and atopy (Correspondence), 881
Para-aminobenzoate effect on fibroblasts from lichen sclerosis and morphoea (Poster summary), 454
'Parabens' and 'Lanolin' in pharmaceutical and cosmetic products (Correspondence), 278
Parvovirus infection with arthropathy (Correspondence), 883
Patch tests and preservatives, 289
Peeling skin syndrome, 117
Pemphigoid antigens and chemical separation of tissue (Poster summary), 442
Pemphigus and tranexamic acid (Correspondence), 882
Pemphigus in an Indian mother and daughter, 253
Pemphigus foliaceus and the 'tin-tack' sign, 127
Penicillamine and systemic sclerosis-like lesions, 95
Perfused isolated skin viability defined (Correspondence), 739
Phlebectasia congenita (Bockenheimer's syndrome) (Case report), 602
Phospholipase A2 activity and psoriasis (Summary), 436
Phosphorylation and epidermal keratin (Summary), 423
Photosensitivity, thiazide induced, 749
Phototherapy and cholestyramine for pruritus in primary biliary cirrhosis, 265
Pilomatrixoma mimicking breast carcinoma, 585
Pilosebaceous duct, androgen control? (Poster summary), 449
Pityrosporum antibodies in human sera (Poster summary), 457
Pityrosporum sp. sensitivities to different shampoos, 233
Plantar warts, mosaic, and aggressive cryotherapy, 557
Polycythaemia rubra vera and water-induced pruritus, 329
Polycythaemia vera, mast cells and pruritus, 21
Polymorphic light eruption and hydroxychloroquine, 379
Polymorphic light eruption, prophylactic PUVA and UVB therapy, 531
Polymorphic light eruption and solar urticaria, UVB and PUVA, 539
Porphyria cutanea tarda (Correspondence), 139
Porphyria cutanea tarda (Correspondence reply), 139
Porphyria cutanea tarda treated with S-adenosyl-L-methionine and chloroquine, 407
Porokeratosis, immunosuppression and sunlight, 113
Potassium hydroxide and Teepol in anthralin inflammation, 171
Pre-malignant skin lesions, flow cytometry (Summary), 419
Pressure urticaria histology (Summary), 427
Prickle cell layer and skin surface marking, 497
Propionibacteria and oxygen (Summary), 440
Prostaglandins from skin bacteria, re-evaluated (Poster summary), 456
Prurigo-like eruptions induced by etretinate, 271
Psoriasis and eczema, selenium concentrations (Summary), 436
Psoriasis and inflammation from anthralin, 517
Psoriasis and granulocyte pyruvate kinase activity, 9
Psoriasis clearance with cyclosporin (Poster summary), 453
Psoriasis, cutaneous superoxide dismutase activity (Correspondence), 462
Psoriasis, cyclosporin A and T lymphocytes, 503
Psoriasis, dithranol and arachidonate lipoxygenase (Poster summary), 451
Psoriasis, dithranol cream and ointment compared (Correspondence), 279
Psoriasis, generalized pustular and cyclosporin A, 269
Psoriasis, high hyaluronate levels in blister fluid, 335
Psoriasis immunohistopathology and cyclosporin (Summary), 431
Psoriasis, improved PUVA dosage schedule (Summary), 426
Psoriasis of nails treated with PUVA (Correspondence), 280
Psoriasis on methotrexate, reduction of leukotriene B_4, 667
Psoriasis, plasma somatomedin-C levels, 15
Psoriasis, razoxane and B-cell lymphoma, 243
Psoriasis treated by indomethacin orally and topical dithranol (Correspondence), 739
Psoriasis treated with a combination of dithranol and coal tar (Correspondence), 281
Psoriatic epidermis and T6-positive cells after PUVA and methotrexate, 661
Psoriatic keratinocytes and HLA-DR antigen expression, 87
Psoriatic plaque movement predetermined? (Poster summary), 452
Psoriatic skin and effect of topical leukotriene B_4, 521
PUVA and acid hydrolases, 785
PUVA and UVB in polymorphic light eruption, 531
PUVA, cutaneous and ocular side-effects, 145
PUVA effect on α-MSH concentrations (Summary), 430
PUVA for psoriasis (Summary), 426
Pyruvate kinase activity in psoriasis, 9

RAST in atopic dermatitis (Summary), 592
Raynaud's phenomenon, immunofluorescence of clinically healthy skin (Summary), 592
Razoxane, psoriasis and B-cell lymphoma, 243
Reticulohistiocytosis, multicentric, 245
Retinoic acid-induced suppression of melanogenesis (Poster summary), 444
Retinoid hyperlipidaemia reduced with MaxEPA (Poster summary), 450

S-100 protein in naevocellular naevi 371
S-adenosyl-L-methionine and chloroquine for porphyria cutanea tarda, 407
Scabies and etretinate (Correspondence), 000
Scleroderma and natural killer cell activity, 1
Seborrhoeic dermatitis treated with ketoconazole: I. Response to topical application, 213
Seborrhoeic dermatitis treated with ketoconazole: II. Response on face, scalp and trunk to topical application, 217

Secondary syphilis and Sweet's syndrome (Correspondence reply), 879
Selenium in psoriasis and eczema (Summary), 436
Sézary syndrome and vitiligo, 851
Shampoos and *Pityrosporum sp.* sensitivity, 233
Skin lymph flow measured (Summary), 437
Skin surface marking on the prickle cell layer, 497
Sodium and chloride changes in irritated epidermis, 477
Solar urticaria and polymorphic light eruption, UVB and PUVA, 539
Solar urticaria, histological study (Summary), 427
Somatomedin-C levels in psoriasis, 15
Sucrose and chronic ulcer (Summary), 440
Sunscreen protection reassessed, 693
Superoxide dismutase activity in psoriasis (Correspondence), 462
Sweat glands, human, VIP-stimulated adenylate cyclase activity, 323
Sweet's syndrome and secondary sylphilis (Correspondence), 879
Sweet's syndrome in Behçet's disease, 727
Sweet's syndrome mediated by interleukin-1 (Correspondence), 282
Syphilis, secondary and Sweet's syndrome (Correspondence), 879
